TRAININGS

Google Developer Student Club Lead
Google Developers , Online
Aug 2021 - Present

Google Developer Student Club Leads are passionate leaders at their university who are dedicated to helping their peers learn and connect. These Leads may be pursuing various undergraduate or graduate university degrees but have a good foundational knowledge of software development concepts.

What a lead do:
*Work with your university to start a student club. Select a core team and faculty advisor to support.
*Grow student knowledge on developer products and platforms through hands-

on workshops and events.
*Identify local partners to work with and lead project building activities.

Google Africa Developer Scholarship (currently)

Adela, Online

Jun 2021 - Present

This program aims to engage with existing and aspiring developers to help them build the skills they need to get a job in tech after the program is over. The Google Africa Developer Scholarship (GADS) program gives participants free access to select courses, projects, embedded labs (powered by Qwiklabs) and skill assessments; plus support from the Google Developer community. The resources available in this program will help developers build the skills necessary to get their **Google certification**.
